BID NUMBER 43-17

ADDENDUM NUMBER 1

June 13, 2017

Attention of all bidders is directed to the following addendum to this Bid Proposal:

A. Response(s) to Bidder's question(s):

- **Question:** I am reading the bid and it says "price will fluctuate along with the published index." So I need confirmation in regards to price. Is it going to be fixed or is it going to fluctuate? If it is fluctuating we need an example of how.

Answer: The price will fluctuate with the publicly published index price posted at www.methanex.com . For example: For June 1, 2017 – June 30, 2017 The publicly posted index price is \$1.16/Gal. The previous month of May 1, 2017 – May 31, 2017 was \$1.23/Gal. You will invoice El Paso Water based on these publicly posted index prices. The invoice will also include your mark-up percentage.

Example Based on June 2017 publicly posted pricing: $\text{Percent Mark-up} \times \$1.16 = \text{Bid Price}$
*percent of Mark-up consists of your delivery charges, profit and any other costs including fuel surcharges

Bidder shall acknowledge receipt of this addendum and submit this acknowledgment with their bid submittal. Failure to acknowledge addendum(s), may result in rejection of bid.
